Dear Customer

This Valentine's Day menu has been composed to ensure that the standards which our guests enjoy in the restaurant may be maintained on this special occasion.

PRE-ORDERS OF FOOD

Our booking system allows you to manage your pre-orders online. Please we will send you the link to follow the simple procedure and this will be collated into your booking at Langley's. Please do not forget to add any dietary requirements that you may have to your booking or email any special requests. All pre-orders are due in 7 days prior to the booking which will then automatically close on our system. If we do not receive the pre-orders in a timely fashion, then there may be an issue with ensuring all the food is readily available.

AUTHENTICATION

To secure your booking at Langley's we will need some form of guarantee by means of a credit or debit card authentication for £10 per person. Nothing would be taken off your card unless no-one was to turn up on the day, then the payment would be taken.

If you would like to make a booking please enquire through our website, or contact us for any more information you require at this stage.

Yours sincerely

Langley's Reservations Team
